6. Remarks and Other Relevant Information:

The Water Right G3-00857C, originally issued to Merlin Yarnell, has provided irrigation and domestic water for the property identified as SP-2005-06, from a single well identified as Well Tag #8912-8377. Mr. Yarnell did not include all of the above identified property within an area that would allow for the drilling and irrigation from a second well. This included the property that Mr. Anderson currently owns, identified with the legal description LOT2 SP-2005-06 (please see the attached Department of Ecology maps for your reference). Mr. Anderson is requesting that his property (LOT2 SP-2005-06) be allowed to legally draw 20 acre/feet of water from his well (Well Tag # 02192) to irrigate his field (to be used as a plant nursery) and provide for his domestic use. The 20 acre/feet of water used by Mr. Anderson will be deducted from the 82 acre/feet owned by Mr. J. Schmerber (from Water Right G3-00857C). A corresponding administrative division will be requested following the approval of this application. Please note: two benefical use maps (former and proposed) are provided to illustrate/explain beneficial use compliance by Mr. Schmerber. In addition, Mr. Schmerber has provided PUD irrigation well meter statements for the past three years. Earlier statement records were unavailable from Mr. Schmerber or the Klickitat PUD.
